## Alumni Spotlight - Zach Moss, Class of 2013

Zach Moss received a Bachelor's of Science in Exercise Science from The University of Georgia. He is currently in Professional School at Emory University halfway through a 3 year program earning his Doctorate of Physical Therapy. He is on track to becoming the first Strong Rock graduate to receive his doctorate! Here is what Zach is up to now: "I just recently celebrated my 1 month marriage anniversary with my beautiful bride Sarah Moss. I am also in my last semester of academics of my program before I begin my long-term clinical rotations and research, and it has been such a difficult journey this first year and a half of this program from an academic rigor standpoint. It has been nothing short of the Lord's blessing on my life in abundance that I have been able to persevere thus far. I am currently in the toughest semester of my program, and I could not be any happier with life. I have no one to thank more than the Lord for his ever perfect timing!"
